Two Ways to Play!

Competitive Play:

Be the first player to reach 21 points.

Cooperative Play:

How many times can you hit the ball
back and forth without missing?

Setup:

1. Stretch the arms of the Door Pong clamp over any doorway.
2. Lower the ball and string to the height of the shortest player's waist.

Let's Play!

The youngest player serves first. If a player misses the ball, or the ball hits the doorway, his/her opponent gets 1 point.

In the game of Door Pong, the ball can “bounce” on the string, making it difficult for your opponent to return the ball. If this happens, simply stop the round, the other player serves, and play continues.

Winning:

Play continues until a player reaches 21 points. A game must be won by two points.

Suggestion for cooperative play: Set a timer to see how many times you can hit the ball back and forth before time runs out.
